SUPPLEMENTARY INFORMATION:

On November 23, 2009, PBGC published (at 74 FR 61248) a proposed rule to amend the reportable events regulation to accommodate changes to the variable-rate premium (VRP) rules made pursuant to the Pension Protection Act of 2006 (PPA 2006). The rule also proposed to eliminate most automatic waivers and filing extensions, create two new reportable events based on provisions in PPA 2006, and make other changes to the reportable events regulation as well as conforming changes. Public comment on the proposed rule was directed primarily at the proposed elimination of the waivers and extensions and was generally negative. In response to the comments and in the spirit of Executive Order 13563 on Improving Regulation and Regulatory Review, PBGC plans to issue a new proposal that will more effectively target troubled plans and sponsors while reducing burden for those that are financially sound. PBGC is

requesting OMB to extend approval of the existing information collections since current approval will expire in March 2012.

Section 4043 of the Employee Retirement Income Security Act of 1974 (ERISA) requires plan administrators and plan sponsors to report certain plan and employer events to PBGC. The reporting requirements give PBGC notice of events that indicate plan or employer financial problems. PBGC uses the information provided in determining what, if any, action it needs to take. For example, PBGC might need to institute proceedings to terminate a plan (placing it in trusteeship) under section 4042 of ERISA to ensure the continued payment of benefits to plan participants and their beneficiaries or to prevent unreasonable increases in PBGC's losses.

Section 303(k) of ERISA and section 430(k) of the Internal Revenue Code of 1986 (Code) impose a lien in favor of an underfunded single-employer plan that is covered by the termination insurance program under title IV of ERISA if (1) any person fails to make a contribution payment when due, and (2) the unpaid balance of that payment (including interest), when added to the aggregate unpaid balance of all preceding payments for which payment was not made when due (including interest), exceeds \$1 million. (For this purpose, a plan is underfunded if its funding target attainment percentage is less than 100 percent.) The lien is upon all property and rights to property belonging to the person or persons that are liable for required contributions (*i.e.*, a contributing sponsor and each member of the controlled group of which that contributing sponsor is a member).

Only PBGC (or, at its direction, the plan's contributing sponsor or a member of the same controlled group) may perfect and enforce this lien. ERISA and the Code require persons committing payment failures to notify PBGC within 10 days of the due date whenever there is a

failure to make a required payment and the total of the unpaid balances (including interest) exceeds \$1 million.

The provisions of section 4043 of ERISA and of sections 303(k) of ERISA and 430(k) of the Code have been implemented in PBGC's regulation on Reportable Events and Certain Other Notification Requirements (29 CFR part 4043). Subparts B and C of the regulation deal with reportable events, and subpart D deals with failures to make required contributions.

PBGC has issued Forms 10 and 10-Advance and related instructions under subparts B and C (approved under OMB control number 1212-0013) and Form 200 and related instructions under subpart D (approved under OMB control number 1212-0041). OMB approval of both of these collections of information expires March 31, 2012. PBGC intends to request that OMB extend its approval for three years, with minor changes. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that it will receive 1,020 reportable event notices per year under subparts B and C of the reportable events regulation using Forms 10 and 10-Advance and that the average annual burden of this collection of information is 5,370 hours and \$816,000. PBGC estimates that it will receive 110 notices of failure to make required contributions per year under subpart D of the reportable events regulation using Form 200 and that the average annual burden of this collection of information is 660 hours and \$101,000.

PBGC is soliciting public comments to —

- evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- evaluate the accuracy of the agency's estimate of the burden of the proposed collections of information, including the validity of the methodologies and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collections of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Issued in Washington, DC, this _1st_ day of December_____, 2011.
